ABOUT US

Medical Laboratory Scientists Association of Tanzania (MeLSAT), is a non-profit nationwide professional association for Medical Laboratory Scientists, Medical Laboratory Technicians and Technologists in the United Republic of Tanzania. MeLSAT was registered with Reg. No. SO No. 6217 by the Registrar of Societies of Tanzania and officially became operational in 1981.

By end of 2025, the MeLSAT had registered a total of 5,311 members. The Association is governed by the National Executive Council, which consists of members elected by the General Assembly.

Since its establishment, MeLSAT has successfully organized 38 Scientific conference, exhibition and Annual general meetings in rotational wise of different regions within Tanzania. Sixteen years of organizing International Laboratory week commemoration in Tanzania. The association has audited financial report from accredited auditors and is registered Continuing Development Education (CPD) Provider by the Ministry of Health.

Our Vision

To be a leading professional association in advancing excellence, innovation, and quality in Medical Laboratory Sciences for improved healthcare in Tanzania."

Our Mission

To advance Medical Laboratory Sciences by creating a forum for Laboratory Professional Development to raise the quality of Health Laboratory data, whether in Surveillance or Diagnosis of disease for the people of Tanzania.

ABOUT CONFERENCE

Medical Laboratory Scientists Association of Tanzania (MeLSAT) in Collaboration with the Ministry of Health (MoH) and the President Office Ministry of Regional administration and Local Government authority (PRORALG) is proud to organize 39th Scientific Conference, exhibition and annual general meeting from **22nd to 25th September 2026**. The event provides a platform for Professionals, Researchers, and stake holders passionate about Laboratory Sciences to convene, share insights, and celebrate achievements. This year's theme reflects our collective vision: **To invest in laboratory sciences and technology as the cornerstone of quality, sustainable, and patient-centered laboratory services.**

Broad Objectives

To promote investment, innovation, and collaboration in laboratory sciences for delivering sustainable, high-quality, patient-centered laboratory services in Tanzania.

Specific Objective

- Showcase innovations improving patient care and public health.
- Strengthen capacity through training and mentorship.
- Promote sustainable laboratory practices.
- Facilitate knowledge exchange and networking.
- Encourage strategic partnerships.

SPONSORSHIP OPPORTUNITIES

The 39th MeLSAT Scientific Conference and Exhibition offers a unique platform for companies, institutions, and organizations to showcase their innovations, connect with professionals, and strengthen their visibility in Tanzania's healthcare and-laboratory sector.
